ABDOMEN, gunshot wound of - - - 570
Abdominal aneurysm (*see* Aneurysm)
— section, repeated, for intestinal obstruction, with some unusual features - - - 573
Abdominothoracic tetanus - - - - 308
— wounds (*see also* Diaphragm; Hernia) - 120
— — anæsthesia in - - - - - - 124
— — operative methods - - - - 123
— — prognosis - - - - - - - 121
— — treatment - - - - - - - 122
Abscess, Brodie's, original description - - 335
Acetabulum, changes in, in pseudo-coxalgia - 395
Adenoma, cystic, of bile-ducts - - - 155
— of salivary glands (*see* Salivary Glands) - 76
— thyroid, operative treatment - - - 285
Adhesions and scarring in diaphragmatic injuries - - - - - - - 138
Adrenalin as an excitant of ureteric contraction 512
Albumosuria, myelopathic - - - - 158
Alveolar absorption, skin-grafting for - - 148
Anæmia following use of pituitrin in inoperable cancer - - - - - - - - 498
Anæsthesia in abdominothoracic wounds - 124
— in pyelography - - - - - - - 520
Anastomosis, lateral, in hydronephrosis - 525, 526
Aneurysm, duration of - - - - - - 35
— illustrative cases - - - - - - 28
— innominate, ligation of innominate artery for - - - - - - - - - 438
— palliative treatment of, by 'wiring' with Colt's apparatus - - - - - - 27
— severe pain in, treated by Colt's apparatus - 33
— summary of all cases treated by Colt's apparatus - - - - - - - - 36
— traumatic, of splenic artery, rupture, ligature 570
Ankylosed knee-joints, reconstruction of (*see* Knee-joints)
Anterior dislocation of lower end of ulna complicated by ununited fracture of styloid process of ulna - - - - - - - 555
Anus, artificial, in carcinoma of jejunum and ileum - - - - - - - - - 427
— congenital stricture of: acquired megalocolon - - - - - - - - - 465
— imperforate, diagnosis from congenital occlusion of ileum - - - - - 109
Aortic aneurysm (*see also* Aneurysm) - - 27
Ape-like hand - - - - - - - - 224
Aphasia, motor, in epilepsy - - - - 490, 492
Apophysitis of the tibial tubercle and pseudo-coxalgia - - - - - - - 399, 402
Appendicectomy during operation for gall-stones 222
Appendicitis, testicular symptoms in - - 215
Appendix, vermiform, inversion of - - - 565
— — with vitelline duct attached - - - 304
Argyrol injections in pyelography - - - 519
ARMSTRONG, G. E.: Deficiency of the mesentery over the lower ileum - - - - - 287
Arteriomesenteric ileus (*see* Duodenal ileus)
Arthroplasty, absence of pain in (*see also* Bone-grafting; Fractures, Ununited) - - 246
— in ankylosis of hip - - - - - - 242
— removal of articular ligaments in - - 246
Astereognosis in epilepsy - - - 491, 492
ATKINSON, E. MILES: Case of hereditary polydactylism: occurring in four generations and in many members of the same family - - - - - - - 298

PAGE

Atresia, intestinal (*see* Congenital Occlusion of Ileum) - - - - - - - - - 107
Autogenous grafts in re-formation of absent common bile-duct - - - - - 172
Avulsion of lesser trochanter - - - - 256

BABINSKI reflex in epilepsy - - 491, 492
Backache in hypernephroma - - 340
Baker's cysts - - - - - - - - 200
— tracheotomy tubes - - - - - - 201
BALLANCE, SIR CHARLES: Ligation of the innominate artery for innominate aneurysm - - - - - - - - 438
Bands, Parham's, in the treatment of closed fractures (*see* Parham's Bands)
BARCLAY, J. HAMILTON: Case of trigeminal neuralgia in a boy, age 10 years, treated by intracranial division of the 2nd and 3rd divisions of the nerve - - - 306
BARLING, SIR GILBERT: Series of 100 operations for gall-stones in private patients; with special reference to recurrence - - 221
BASTIANELLI, RAFFAELE: Clinic at Rome - 560
Beef-bone used as bridge-graft - 540, 542, 544
Bile in sputum in bronchobiliary fistula - - 253
Bile-duct, common, absence of - - - 172
— — carcinoma of - - - - - 170
— — injured during cholecystectomy - - 169
— — — classified cases - - - - 176
— — — owing to absence of cystic duct - 170
— — — technique of operation - - - 173
— — — treated by choledochenterostomy - 171
— — — — direct suture - - - - 171
— — obstruction due to scar-tissue - - 171
— — and pancreatitis - - - - - 170
— — reconstruction of - - - - - 169
— cystic adenoma of - - - - - - 155
Bipartite bone in diagnosis of fractured scaphoid 16
Bladder, urinary, sacculus of, ruptured during micturition - - - - - - - - 572
Blood stream as mode of infection in pneumococcal peritonitis - - - - - - 481
— transfusion in abdominothoracic wounds - 125
— — pneumococcal peritonitis - - - 487
Bone-grafting, character of graft - - - 544
— factors influencing success - - - 550
— failure of beef-bone as a bridge-graft 540, 542, 544
— fourteen points concerning (*see also* Arthroplasty; Fractures, Ununited; Parham's Bands) - - - - - - - - - 250
— fractures of graft, early - - - - 548
— — — late - - - - - - 549
— guiding principles - - - - - - 179
— illustrative cases - - - - - - 542
— immobilization after - - - - - 550
— incorporation of host with graft - - - 541
— internal fixation of graft - - - - 545
— latent infection of host-bone - - - 551
— life-history of grafts - - - - - 541
— operative methods - - - - - - 179
— periosteum in - - - - - - - 544
— post-operative infection - - - - 181
— — treatment - - - - - - - 550
— preparation of host-bone - - - - 545
— in reconstruction of shoulder - - - 248
— for recurrent anterior dislocation of ulna - 556
— retention of periosteum in - - - - 250
